

**Project:** Audi Dealership  
**Period:** 2013  
**Location:** Stockport  
**Works:** Deck Waterproofing and Coloured Wearing Course System Including Lining Works

### The Works

**Car Park Coating Ltd** successfully installed **2000m<sup>2</sup>** of a Reinforced Waterproofing System to the new car park at the **Audi Dealership in Stockport** during the winter months.

The last operation was to apply all white lining to the new **Deck Waterproofing**.

The rapid application as well as the speed of the on-site team ensured that the work was completed ahead of time including having to scrape the deck from snow to prepare the new deck ready for the new **Deck Waterproofing**.

**Car Park Coating Ltd** provided an in house team of installation experts and management to oversee every stage of the installation ensuring the highest quality standards were met at all times.

### Completion

Co-ordination of works were planned around other trades with good on site management and a direct skilled workforce from **Car Park Coating Ltd** providing flexible and assured safety and quality at every stage of the project during the cold season.

The project has been completed ahead of time and on budget.
